 - Note: *From the Ashes*, Atlas p.9 and 22, clearly specifies the "current year" as spring 585 CY. It is likely this event is meant to be in "Readying" rather than "Ready'reat" of 585 CY, since the source does not cover Ready'reat.
- **Attempted coup in Nyrond.** In fall, King Archbold III of Nyrond appears to suffer a stroke, but survives. A conclave of clerics discover that he was poisoned.
